Regina Riot Open 2025 Season on the Road Against Manitoba Fearless — Historic Female Coaching Matchup Set

Regina, SK – The Regina Riot are ready to kick off their 2025 Western Women's Canadian Football League (WWCFL) campaign this weekend with a highly anticipated road matchup against the Manitoba Fearless. The game is set for **Sunday, May 4 at 1:00 PM** at **St. Vital Mustangs Field in Winnipeg, Manitoba**.

This game marks a historic moment for the league as it features the **first-ever showdown between two female head coaches in WWCFL history**. Regina's **Claire Doré** will lead the Riot against the Fearless' **Andrea Buckland** in a groundbreaking step forward for women in football leadership.

"We're incredibly proud to be part of this milestone for the league," said Claire Doreé, head coach of the Regina Riot. "It's a testament to the growing presence and impact of women in all aspects of the sport."

The Riot head into the season opener fueled by the experience and momentum gained during their internal **Red vs. Black preseason scrimmage**, which helped solidify team dynamics and identify key areas for growth. Players and coaching staff have used that game as a learning platform to elevate their strategy, focus, and execution heading into the regular season.

"This team is focused, hungry, and committed to raising our game," Doré added. "The Red vs. Black game gave us a valuable opportunity to compete, and now we're ready to take what we've learned onto the field in Winnipeg."

Fans can follow the Regina Riot on social media for in-game updates, photos, and exclusive behind-the-scenes coverage throughout the weekend.

Let the 2025 season begin – **Go Riot!**
